Work Experience

Software Engineer

pixelpush.rs / Freelance   (Belgrade)   2012 - present

Full time Freelance / remote development and concultancy. I worked on projects depending on my free time until fall 2017, when working remotely became my full time occupaton. In the current year I worked with multiple companies including Horizon Cultural Exchange, Conjoule, Buyerdeck, Motionwerk and more.

Software Engineer

Clariness   (Belgrade)   4.2015 - 11.2017

UX concious Front end development in Play framework, AngularJs and Angular, I worked on multiple in house projects and some public ones, under the ClinLife brand (Website, Clinlife portals, and Clinlife Core (backoffice app)).

Front end / Mobile developer

First Mobile Affiliate s.r.o. / mTech Solutions   (Belgrade)   4.2013 - 11.2014

My main work with FMA includes UX conscious front end development and web design on a now defunct platform called Coupie (social network/dating app). Served as an acting team lead for half a year until we found a suitable, more experienced candidate. I was also doing UI development for Coupie dating app (Android).

Front end / Mobile developer

Net Mobile GmbH / Kaywa AG   (Belgrade / Düsseldorf)   2.2012 - 4.2013

Front end web development, bug fixing, and optimization. I worked on a number of mobile projects that were mostly mobile portals, for distributing images, videos, games, apps, live mobile TV and other mobile content. Clients I worked for include Vodafone, ePlus / Base, Bild.de, Simobile / Tušmobile, and others. Development was done in Tapestry 5 (Java framework).

Creative consultant and IT support (Volunteer)

Citizen association Skylight   (Belgrade)   3.2009 - 10.2013

C.A. Skylight was a humanitarian organisation that worked and created projects mostly for children and adults with special needs. I was included in planing of our events, strategy, and I made and maintained U.G. Skylight's website (now offline) I also doubled as a sound technician on most of our events.

Interests and hobbies

Web development, UX design, bass guitar, video, amateur photography and cycling.
